The District Leadership Team should be very proud of their efforts! Although we've lost some clubs this year, we have seen others return and new one's form – and some clubs have grown exponentially.

It's encouraging to see clubs that have already achieved distinguished status. Some clubs have achieved educational goals and just need a few more members to be distinguished. Then there are clubs that have achieved membership growth and just require a few more educational goals. DCP goals are our key performance indicators and help measure how clubs are performing. We owe it to our members to hold quality club meetings, and achieving goals is an important way to meet and identify quality clubs.

District success depends upon the dedication of many people. My personal thanks go to the members of the core district leadership team and supporting teams. You made my job all the better.

I also thank all Division Directors and Area Directors. Your leadership and guidance to your clubs and their members is appreciated and so important to the success of the district.

Thank you to the members who said "yes" to a club executive role this year. Your support of your members and your club are truly appreciated.

Finally, thank you to all members. Without members there are no clubs or district. You are the most important part of Toastmasters.

District 86 is built on a firm foundation, in part by our past leaders, present and emerging leaders. My best wishes to the incoming leadership team and all members as we move into a new year for District 86!

Respectfully Submitted, Nancy Movrin, DTM
