A District supports the club mission—to provide a mutually supportive and positive learning environment in which every member has the opportunity to develop communication and leadership skills, which in turn foster self-confidence and personal growth.

Our District 86 seeks is to strengthen member retention while building new clubs. The leadership teams will actively encourage this throughout the year. Our goal is for every club to achieve Distinguished or better.

So far, the membership renewal trend is very encouraging and let's keep this momentum going! 49 started well and 51 clubs to pick up on their renewals. Also, we must exercise caution with club closures, as each one impacts our entire District. Instead, let us stay committed to rejuvenating and supporting struggling clubs, helping them find new energy and growth.

Together, teamwork will make the dream work. Let's stay focused and move forward with unity and purpose!
